WORK ON St. MARY'S CHURCH

Thanks to the hard work of Paul Munby and Alec Dale, the old water tank has now been removed from the north aisle.

The proposals for the re-ordering of the church interior were on display for two days over Easter and were received very positively by those who visited—as was the tea and cake.

The beautiful flowers from Emily and Jamie's wedding are still in the church, do go and enjoy them.

The old photos of the village have now been safely deposited at The Treasure House in Beverley where they will be preserved in the correct conditions and can be accessed during opening times. The photos will eventually be scanned and made accessible on line; and we can bring them back to the village for events at anytime.

RIDE FOR CHARITY

Vicky Knocker has been braving the weather and aching muscles, in a good cause:

I'm sure most of you know I'm not a cycling pro, I'm very much a novice looking all but streamlined in my cycling Lycra! but I'm keen to take on this challenge.

Riding 170 miles on the Way of the Roses Coast to Coast cycle ride is one of the most scenic, varied and popular bike rides in Britain. Apparently the sense of achievement from cycling right across the country in 3 days, passing through National Parks, remote valleys and lovely villages, is hard to beat!

When It was suggested a bike ride the initial thought was great, a day out, pub lunch and a few bevies... Yeah right! We have trained hard up and down the hills on the Wolds and in the gym to prepare for this challenge.

Our chosen charity is Martin House Children's Hospice. If you would like to support us and donate please go to <https://www.justgiving.com/fundraising/pock-peddlers>

We start our ride on Friday morning 27th April in Morecambe and will try and keep you posted on our journey from coast to coast! When you read this I should have completed the challenge and raised some money for a fantastic charity .

Following news last month of its closure, the WEBSITE www.huggate.org appears still to be functioning!
